Facilities for treatment of Cervical Cancer

2698. MISS MABEL REBELLO: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether it is a fact that Government hospitals in Delhi lack adequate facilities for treatment of cervical cancer;

(b) the Government hospitals in Delhi which provide treatment for cervical cancer;

(c) the details of treatment available including number of beds, specialist doctors, equipments and capacity for accommodation;

(d) whether it is also a fact that at AIIMS expensive radiotherapy machines worth more than Rs. 20 crore for the treatment of cervical cancer are lying unused; and

(e) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI A. RAJA): (a) to (c) Health is a State subject. The details of Central Government hospitals providing treatment of cervical cancer in Delhi are given in the Statement. (*See* below)

(d) and (e) Treatment of cervical cancer is by Surgery, Radio Therapy and Chemotherapy. Most of the equipments in the IRCH (AIIMS) are functional and are used for treatment of cervical cancer patients. However, the Brachytherapy system and Electra (SL) Linear Accelerator are non-functional due to ongoing construction activities of IRCH expansion project and Clinac 2300 CD Linear Accelerator is under installation.

Statement
